We understand how stressful and costly delays and mistakes can be

One, seemingly small matter, can generate serious consequences. That is why we solve problems before they have even happened and work with some of the best local agents in the world.

Are you tired of speaking with multiple points of contact and having to make sense of communications in poor English? Of agents and ships agencies taking your business, but not going the extra mile to reduce, and even prevent, costly delays and errors?

We know how frustrating and expensive that can be.

We created MasOceans and partnered with proven, local agents to make this a thing of the past.

THREE STEPS TO SMOOTH SAILING

ONE.

One point of contact, speaking your language, ensuring correct follow up by experts in the maritime industry

LOCAL.

A team, local to you in Switzerland, and to your vessel in the country of its port call, who leverage their knowledge and network

AHEAD.

Our team is always two steps ahead, so that you can focus on your other priorities, knowing your port needs are taken care of
